I'm crossing "neighbor gifts" off my holiday to-do list thanks to these festive fortune boxes featuring DIY holiday fortune cookies! If you're lucky, you have a slew of neighbors that mean the world to you. They may as well be family. I am fortunate enough to be surrounded by so many people I love and want to gift a little something to this year. I have just the thing in collaboration with Brother's brand new P-touch Embellish ELITE. I know what you're thinking: neighbor gifts, who really has time for that? You're not wrong, I know time is a cherished commodity but that's why I'm making it easy for you this year! I'm laying it out step by step and providing printables with this incredible little takeout box filled with the sweetest little paper fortune cookies that have even sweeter fortunes inside. Okay fine, maybe some not so sweet ones too...but hey, at least one person you know this season is going to be getting coal right?! This project is so easy thanks to the P-touch Embellish ELITE Connectable Decorative Ribbon, and Tape Printer. Imagine printing straight onto ribbon and tape from the comfort of your own home. And that, my friends, is exactly what I did. Let me tell you a little more about how this works. The P-touch ELITE is where technology and creativity meet. It's easy and accessible even for those of us feeling technologically challenged. All you need to do is download the free P-touch Design&Print App or free P-touch Editor software on your computer that allows you to create your own designs! This, my friends, is what made my neighbor gifts possible and created those fortune ribbons! Here's how we did it! Materials: Directions: Ribbon Fortunes: Download the P-touch Design & Print App to your phone or download the software to use on your computer (we used a phone) Turn your P-touch ELITE on and open the app Pair your P-touch ELITE with your phone. Type in the fortune you would like to print other ibbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in the text box and the program will populate it onto the ribbon in text box and the program will populate it onto the ribbon in text box and the program will populate it onto text box and t On" in the app once your text looks right. Voila! Your fortune is ready to go! Fortune Cookies: Print out the template for the folded paper and apply pressure so the two sides start to move forward. Pull the two flaps that have started to move forward together. Once two flaps meet and the fortune cookie shape is created place a glue dot between the two flaps so the shape will hold. Takeout Box: Print out the templates on cardstock. Using scissors, cut out the templates. Follow the pattern for folding directions and score the black dotted lines. Use a small amount of hot glue and place tabs together so that the box takes form. Cut side holes for ribbon placement. Place ribbon. It's seriously that easy, I'm not kidding. This project is a "close your eyes and it's basically done" project. Put on a holiday movie, gather your family, and craft the night away. Everything that should be hard is made easy by the P-touch Embellish ELITE! Be sure to show your neighbor some love this year with these gifts! This post is sponsored by Brother. All orders are final and cannot be returned or exchanged. Fortune cookies are simple cookies made using egg whites, flour, sugar, vanilla and butter. The best part of these unassuming desserts is not their lightly sweet taste nor their crispy texture, but rather the tiny slips of paper folded within them. Making your own cookies is a fun idea for a homemade meal of Chinese food, a personalized party favor or a unique way to present a heartfelt message to a special person. The Microsoft Word templates provided here make it even easier for you to do so. To view an enlarged image of these templates, simply click on the corresponding graphic. When you have decided which template you would like to use, click on the correlating link in the References and Resources section at the end of the article. You will need MS Word 2007 or 2010 in order to use and print the slips. You can also use Word 2003 if you have installed the Office Compatibility Pack.Party Favor IdeasYou can create custom fortune cookies for virtually any type of party or gathering. For example, you could type the bride and groom's names and wedding bells. Tuck them inside of fortune cookies, dip each cookie into melted chocolate and then coat with sprinkles matching the wedding's colors. You could also opt to type in wedding-related quotes, such as "Love one another and you will be happy. It's as simple and as difficult as that. ~Michael Leunig" or "Love does not consist of gazing at each other, but in looking together in the same direction. ~Antoine de Saint-Exupery" Similarly, you can use the second set for baby shower favors. Type quotes about babies, such as "A baby is God's opinion that the world should go on.~Carl Sandburg" or "A new baby is like the beginning of all things-wonder, hope, a dream of possibilities.~Eda J. Le Shan" into the segments of the form, which is decorated with a recurring hearts and umbrellas theme in pink, blue and white. Once you slip the papers inside, dipping the cookies is not limited to special theme parties, though. Pass out cookies with cheerful notes on slips made using the Confetti Background template following a dinner party, birthday get-together or holiday gathering. Romantic Fortunes Surprise your significant other with a silly, sweet or sexy special message the next time your order dinner in. Swap out the generic fortunes in the delivered cookies with your own meaningful messages printed on these romantic slips of paper. Use pet names, lines from your favorite songs and movies or famous quotes about love. You could also use these papers to create a unique Valentine's Day gift or even to "pop the question." This template features a page of identical blank slips with a washed-out hearts and arrows design in the background of each one. Corporate Gifts, Classroom Treats and MoreBy no means must you use a decorative design to make your own fortune cookies. The final template is a page of blank slips that you can use in any way you wish. Insert your children or as a Halloween goodie. Teachers can use them as a fun learning tool, as well. Enter math problems or homework assignments and pass them out at the end of the day. All of the templates here included dotted lines bordering the individual slips, making it easy for you to slice them apart neatly for a professional appearance. Feel free to fill them in with any type of fortune you choose and use them however you want. That's what makes them custom!References and ResourcesTemplate DownloadsWedding Favor Fortune Cookie SlipsBlank Fortune Cook Museum of American History, Origins of the Fortune CookieQuote Garden, Quotes for WeddingsAll Great Quotes, Famous Baby QuotesResourcesMicrosoft Office Compatibility Pack for Word, Excel, and PowerPoint File FormatsImagesFortune Cookie: sxc.hu/Linnell EslerScreenshots provided by the writer
